AMENDED NOTICE OF PANDEMIC UNEMPLOYMENT ASSISTANCE AWARD

Social Security Number: XXX-XX- 6632
Mail Date: 01/22/2021
Claim Effective Date: 01/17/2021

Weekly Benefit Amount: \$450.00
Maximum Benefit Amount: \$25650.00
Number of Weeks: 57

Why am I receiving this notice?

The Employment Development Department (EDD) has made one or more changes to your Pandemic Unemployment Assistance (PUA) claim as required by the federal CARES Act of 2020, as amended by the Continued Assistance for Unemployed Workers Act. The EDD may have:

- Changed the Claim Effective Date.
- Recalculated your Weekly Benefit Amount (WBA).
- Adjusted the number of weeks potentially payable on your claim.

If your WBA increased, the EDD will issue you payments to make up the difference for weeks you have already been paid since the start of your PUA claim. Your future weekly benefit payments will be at the higher amount. You do not need to take any further action to receive the higher amount.

How are my weekly benefit amount and maximum benefit amount calculated?

The minimum WBA payable under the federal CARES Act of 2020 is \$167 per week and the maximum is \$450 per week. To calculate your WBA, the CARES Act requires the EDD to use the same calculation that is used to compute regular Unemployment Insurance (UI) benefits. The quarterly earnings used to calculate your amounts are shown in the table below. If the EDD needs proof of earnings from you to support an increase in your WBA, you will be contacted through UI OnlineSM or by mail to provide your proof of earnings. Proof may include your 2019 tax return, 2019 W-2s, pay stubs, or other income documents. You will be given 21 days to provide this information.

Calendar Year 2019 Earnings				
Note: If your WBA was calculated based on the annual income information you provided in your PUA application, that income has been divided equally into the 2019 calendar quarters.				
Quarter	Jan. – Mar.	Apr. – June	July – Sept.	Oct. – Dec.
Total	\$16,750.00	\$16,750.00	\$16,750.00	\$16,750.00

See page 2 for the calculation of number of weeks and other important information.
