Certain holdings at Fidelity are eligible for FDIC insurance coverage and have the same limits. Eligible positions include: 1) Certificates of deposit (CDs) - Brokered CDs that are issued by an FDIC insured institution, 2) Core balances in the Fidelity(R) Cash Management Account, eligible Fidelity IRAs or Fidelity Health Savings Accounts(1), and 3) Any 529 Bank Deposit Portfolio investments.

You are responsible for monitoring your FDIC coverage. Generally, all the assets you hold at a depository institution are counted toward the FDIC coverage limit. Therefore, when considering whether your holdings will be FDIC insured, you must take into consideration both the combined balance of all bank deposits (including bank CDs) made directly through a particular institution as well as those deposits coming about indirectly through Fidelity or another brokerage firm. For more information about FDIC insurance coverage, please visit the FDIC website at www.FDIC.gov.

* Cash Balances in an account with the FDIC-Insured Deposit Sweep Program are swept to an FDIC-insured account at a Program Bank. Funds are swept to the Program Bank on the business day following the date that funds are credited to your account and, until swept to the Program Bank, funds are covered by SIPC. Once at the Program Bank, the deposit is not covered by SIPC; however, the deposit is eligible for FDIC insurance coverage subject to the applicable coverage limits. All assets of the account holder at the Program Bank will generally be counted toward the aggregate limit. For additional information, please see the FDIC-Insured Deposit Sweep Program Disclosure document that can be found at http://personal.fidelity.com/accounts/pdf/Rollover_Sep_Supplemental.pdf

For more information about your statement, please refer to our **Frequently Asked Questions** document at Fidelity.com/statements .

Income Summary Shows income by tax status for the statement and year-to-date periods. Except for interest income earned on, or distributed by, tax-exempt securities, Fidelity reports dividends and capital gains held in taxable accounts as taxable income. A portion of income reported as tax-exempt income may be subject to alternative minimum taxes and/or state and local taxes. In Traditional IRAs, Rollover IRAs, SEP-IRAs, SIMPLE IRAs and Keoghs, earnings are reported as tax-deferred income. In Roth IRAs and HSAs, earnings are reported as tax-exempt income as they may be federally tax-exempt if certain conditions are met.

Cost Basis, Gain/Loss, and Holding Period Information NFS is required to report certain cost basis and holding period information to the IRS on Form 1099-B. Unless otherwise specified, NFS applies the average cost method for open-end mutual funds and the first-in, first-out (FIFO) method for all other securities. Cost basis is adjusted for wash sales on securities with the same CUSIP held in the same account (unless your account receives mark-to-market reporting). Your statement may not reflect all adjustments required for tax purposes. Customers should consult their tax advisors for further information.

Cost Fidelity provides purchase cost information for securities held in retirement and HSA accounts. Such information may be adjusted for certain transactions and does not reflect dividends or capital gains reinvestments. Fidelity reports transaction profit or loss information when securities are sold within a retirement or HSA account. Transaction profit or loss is calculated by subtracting purchase cost from sales proceeds

using the FIFO method if shares were purchased at different times or prices. **Statement Mailing** We deliver statements at least four times during the calendar year for any account with a balance.

Statement Discrepancies Please review your statement and report any inaccuracies or discrepancies. **Inquiries, concerns or questions regarding your brokerage account or the activity therein should be directed to FBS by calling 800-544-6666, and NFS, who carries your brokerage accounts, by calling 866-408-1138.** Any oral communications regarding inaccuracies or discrepancies should be reconfirmed in writing to protect your rights, including those under the Securities Investor Protection Act (SIPA).

Material Changes Please advise us of material changes in your investment objectives or financial situation related to your brokerage account(s).

Mutual Funds and Performance Before investing, consider the funds' investment objectives, risks, charges and expenses. Contact Fidelity for a prospectus containing this information. Read it carefully. Performance data shown represents past performance and is no guarantee of future results. Investment return and principal value will fluctuate, so you may have a gain or loss when shares are sold. Current performance may be higher or lower than that quoted. Visit Fidelity.com/performance for most recent month-end performance.

Sales Loads & Fees Each fund reserves the right to terminate or modify its exchange privilege in the future. In connection with (i) access to, purchase or redemption of, and/or maintenance of positions in mutual funds and other investment products ("funds") or (ii) infrastructure needed to support such funds, some funds, or their investment affiliates, pay FBS and/or NFS sales loads and 12b-1 fees described in the prospectus as well as additional compensation for shareholder services, start-up fees, infrastructure support and maintenance, and other programs. Additional information about the source(s) and amount(s) of compensation as well as other remuneration received by FBS or NFS will be furnished to you upon written request. At the time you purchase shares of funds those shares will be assigned either a load, transaction fee (TF) or no transaction fee (NTF) status. When you subsequently sell those shares, any fees applicable to your transaction will be assessed based on the status assigned to the shares at the time of purchase.

Additional Information About Your Brokerage Account, If Applicable

Free credit balances (FCB) are funds payable to you on demand. FCB are subject to open commitments such as uncleared checks and exclude proceeds from sales of certificated securities without delivery of the certificate. If your FCB is swept to a core position, you can liquidate the core position and have the proceeds sent to you or held in your account subject to the terms of your account agreement. Required rule 10b-10(a) information not contained herein will be provided on written request. Fidelity may use this free credit balance in connection with its business, subject to applicable law. **Assets Separate from Your Brokerage Account** Only securities in the margin portion of your brokerage account contribute to margin and maintenance requirements. Other Assets, which may be reported on your statement, including insurance products that are distributed by FBS and Fidelity Insurance Agency, Inc. and mutual fund only accounts held directly with the fund (Fidelity Mutual Fund Accounts) are not carried by NFS, not covered by the Securities Investor Protection Corporation (SIPC) and do not count toward your margin and maintenance requirements. Assets held in brokerage accounts managed by Fidelity Personal and Workplace Advisors LLC (FPWA) are carried by NFS and covered by SIPC but do not contribute to your margin and maintenance requirements. **Short Account Balances** Securities sold short are held in a segregated short account. These securities are marked-to-market for margin purposes, and any increase or decrease from the previous week's value is transferred weekly to your margin account. Fidelity represents your short account balance as of the last weekly mark-to-market, not as of the statement end date. **Information About Your Option Transactions** Each transaction confirmation previously delivered to you contains full information about commissions and other charges, and such information is available promptly upon request. Assignments of American and European-style options are allocated among customer short positions pursuant to a random allocation procedure, a description is available upon request. Short positions in American-style options are liable for assignment anytime. The writer of a European-style option is subject to exercise assignment only during the exercise period. For more information, please call Fidelity at 800-544-6666. **Equity Dividend Reinvestment** Shares credited to your account resulted from transactions by FBS acting as agent for your account, or the Depository Trust Company (DTC). **Price Information/Total Market Value** The Total Market Value has been calculated out to 9 decimal places; however, the individual unit price is displayed in 5 decimal places. The Total Market Value represents prices obtained from various sources, may be impacted by the frequency with which such prices are reported and such prices are not guaranteed. Prices received from pricing vendors are generally based on current market quotes, but when such quotes are not available the pricing vendors use a variety of techniques to estimate value. These estimates, particularly for fixed income securities, may be based on certain minimum principal amounts (e.g. \$1 million) and may not reflect all of the factors that affect the value of the security, including liquidity risk. The prices provided are not firm bids or offers. Certain securities may reflect N/A or unavailable where the price for such security is generally not available from a pricing source. The Market Value of a security, including those priced at par value, may differ from its purchase price and may not closely reflect the value at which the security may be sold or purchased based on various market factors. The sale or redemption of any fixed income security prior to maturity may result in a loss. Prices for Certificates of Deposits (CDs) on your statement are generally estimates and are not based on actual market prices. The secondary market for CDs is generally illiquid. You should always request a current valuation for your securities prior to making a financial decision or placing an order.

Executing Orders on the Floor of the NYSE The Floor broker may permit the Designated Market Maker to trade on parity with the order for some or all of the executions associated with filling that order, where such permission would not be inconsistent with the broker's best execution obligations.
